

# Pepperclub Hotel & Spa introduces the Cape Town Gin Tour

The Pepperclub Hotel & Spa has conceptualised the Cape Town Gin Tour, an all-day, hands-on gin experience, which will allow locals and visitors to explore the world of local artisan gins while learning, tasting, and making their own spirit.

This curated gin journey will take participants through the distilling process, explain the role of botanicals and, provide the opportunity to sip and sample the gins Cape Town has to offer.

Starting and ending at the Pepperclub Hotel & Spa in the Cape Town City Centre, gin lovers will begin their day at 10am by learning about the fundamentals of this spirit at New Harbour Distillery, before trying their hand at making their own, bespoke bottle of gin. After a short stop to refuel with lunch, the tour then heads to Hope on Hopkins Distillery, followed by visits to the Woodstock Gin Company, Pienaar & Son Distilling Company in the city centre, and finally, the Cape Town Gin & Spirits Company, before returning to the hotel at approximately 5.15pm.

Pepperclub Hotel & Spa general manager Efi Ella says: "We're excited to give the talented distillers in our area this new platform, and hope that the Cape Town Gin Tour will soon become known as yet another fantastic reason for visitors to add the city to their bucket list."

The tour will be held every Tuesday, Thursday, and the first and third Saturday of each month. For more information, contact [Candice.b@pepperclub.co.za](mailto:Candice.b@pepperclub.co.za) or check out the Cape Town Gin Tour on [Facebook](#),
