

# Engage with digital and data professionals at Women in Digital & Data Cape Town Forum this November!

Issued by [Corinium Global Intelligence](#)

12 Nov 2018

Off the back of a successful [Women in Digital & Data](#) Johannesburg, Corinium's series will be landing in Cape Town on 21 November 2018 at the Embassy Hill Hotel.

This premier forum is the perfect platform for women in digital and data industries to come together to collaborate, learn and share practical 'how to' strategies to benefit their organisations and their careers.

Click [here](#) to see what some of the attendees and sponsors from our Johannesburg Event had to say.

Women in Digital & Data highlights include:

- Expert speaker line-up with **15+ women** sharing their insights, experiences and journeys in digital and data.
- **More content** - Engage and participate in **9+ sessions** across the day!
- Innovative **keynote sessions, keynote interviews** and **panel discussions**, giving you the opportunity to network and engage with like-minded peers and hear from expert leaders unique to the marketplace for solutions and advice for you to take away!
- **Interactive discussions** around driving successful digital transformation, increasing commercial outcome with data-driven insights and analytics, skill development and career advancement strategies, attracting more women in digital and data – closing the gender gap.
