

Goliath and Goliath, Sun International to take comedy road trip

Sun International and comedy and entertainment agency Goliath and Goliath have partnered up to present a countrywide comedy tour. *The Goliath Comedy Road Trip* will take Jason, Donovan, and Nicholas to Sun International venues across the country from 1 September-22 December 2018; the trio has never headlined the same show.

“Goliath and Goliath are true comedic pioneers in South Africa and we at Sun International are excited to see what they have in store for audiences around the country,” said Sun International group chief strategy and operations officer Rob Collins.

With a host of awards under their collective belts, including the Savanna Comics Choice and The Best Friend of Comedy Award, Sun International can think of no-one better to partner with.

The trio has entertained South African crowds for six years but has finally decided to present *The Goliath Comedy Road Trip*, ensuring the country gets the opportunity to see this unique family live on stage.

“Goliath and Goliath are extremely excited to be in partnership with Sun International for our first Goliath tour and look forward to spreading happiness around South Africa, just as Sun International has done for so many years,” said Goliath and Goliath MD Kate Goliath.

Stops on the tour will include Wild Coast Sun, Sibaya, Carnival City, Carousel, Boardwalk, Meropa, and Time Square Casino. Tickets can be booked through Computicket.
