

Origin Design Centre gains new account

Despite the global economic downturn, Origin Design Centre has continued to build its hospitality industry portfolio and reputation and has been awarded the branding and graphics for Phase III of the Royal Mirage Dubai - a luxurious 100-key One & Only Resort Hotel. In addition, ODC has been appointed to do the branding and graphics for the exclusive St Regis Le Morne Resort in Mauritius. Both these new business wins come hot on the heels of the design agency completing the branding, graphics and wayfinding for the Hyatt Oubai in the Eastern Cape.
