Nicola Jansen, J.C. Le Roux marketing manager, says: “At J.C. Le Roux we believe in uplifting women by sparking optimism and celebration – it is something that is very important and relevant to us, both as a brand as well as to South African women today. We want to encourage and inspire women to develop an optimistic mindset that allows them to appreciate themselves and others and celebrate the big and small things in their lives. And what better way to kick-start this movement of optimism than sitting with your fellow women over a glass of your favourite bubbly and hearing each other’s personal stories and insights? The Celebration Inside series features such powerful and talented ladies that really set a beautiful and inspiring example for more women to start, or continue, their journey to achieving an optimistic mindset.
