

Dermalogica honours women empowerment

In support of Cell C's women empowerment initiative, 'Take a girl child to work day', Dermalogica FITE joined forces with These Numbers Have Faces to make two young ladies days extra special on Friday, 30 May.

Asisipho Beda (19) and Thuliswa Halam (17) are currently in their first year at UCT, studying Science and Economics and English respectively, and were given the opportunity to spend the day with the Dermalogica tribe in Cape Town.

The girls were treated to a day at Dermalogica on Wembley and Petticoat Parlour where they were able to find out more about the skincare industry, learn more about the day-to-day functions of the business, as well as experience a personalised, targeted Dermalogica skin treatment.
