In #FreshOnTheShelf, we round up some of our favourite food and beverage products that have hit the retail shelves recently.

Malfy Con Arancia

Premium drinks company Truman & Orange, known for bringing Malfy Italian Gin to South African shores, has announced their latest offering from the Vergnano family's traditional pot stills: Malfy Con Arancia.

A refreshing variant of the Malfy range, Malfy Con Arancia bursts with the botanical flavour and ruby red colour of specially-sourced Sicilian blood orange peels which are steeped in alcohol and pressed in a basket press. The infusion is then blended with Italian juniper, grapefruit peel, Amalfi Coast lemon peel, coriander, Cassia bark, Orris root and Angelica root before distillation.

The latest addition boasts a flavour profile that bursts with rich, bittersweet citrus, with subtle juniper and a complex finish.

Recognise Malfy Con Arancia on shelf by the distinct deep ruby red colour of the gin and the bottle that's decorated with traditional Italian glass painting techniques.
