

Reward good small business service with 702/CapeTalk Small Business Awards

The 702/CapeTalk Small Business Awards with Sage One are underway, offering more than R1 million in prizes for the winners and runners-up in the Western Cape and Gauteng. The annual Awards seek out small businesses with big dreams and enormous potential, recognising their achievements and providing them with the support they need to grow. The Awards invite the radio stations' listeners to nominate small businesses that have impressed them over the past 12 months.
