

Black Coffee to headline inaugural Music Is King Concert

The inaugural Music Is King Concert will be held at the TicketPro Dome in Johannesburg on 15 December 2018. Music Is King is an international concert experience led by internationally acclaimed DJ and producer Black Coffee.

He was recently crowned Best Deep House DJ at the DJ Awards in Ibiza, Spain for the third consecutive year. In this year alone, Black Coffee has performed at the biggest festivals around the world, including Coachella, Tomorrowland, New York's Terminal 5, The Apollo Theatre, Sonar Festival in Barcelona, while managing a residency at Hi Ibiza in Ibiza Spain and XS Nightclub & Encore in Las Vegas, USA.

Just a month ago, he released a new single titled *Drive*, made in collaboration with global superstar David Guetta featuring Delilah Montagu. The single debut the *Billboard* Hot Dance/Electronic chart at number 31; it is currently the most played song on the radio and most streamed song in SA across streaming platforms.

"I'm in a space where I'm starting to make music not pigeon-holed into a genre and I feel music should be celebrated as music not divided into different genres because that divides people, their beliefs and thoughts and that is why this show will be about music. I'm working very hard to ensure that this will be a next level show and unlike anything this country has seen before," says the award-winning DJ.

This offering will include a lineup of local and international DJs and artists, who will be announced soon.
