

V&A houses CT's first fine-dining restaurant boat

Tourvest has opened a fine-dining restaurant boat at the V&A Waterfront in Cape Town. The Alba has been modelled on similar global concepts like the Bateaux London, Bateaux Parisiens, Bateaux Dubai, The Hornblower, and the Melbourne River Cruises.

It measures 22 metres in length with a six metre beam and will have a capacity of 72 seated guests or 100 for cocktail functions. Cruise lengths will range between one-and-a-half and two hours and The Alba will also cater for private functions.
