Grant Bennett to grow SUSE in South Africa, sub-Saharan Africa

Grant Bennett will replace Matthew Lee as SUSE's country manager in South Africa and sub-Saharan Africa. In his new role, Bennett will focus on showcasing SUSE as a solution provider of open-source Linux distribution on the continent.

He has held various sales leadership positions in the industry and has experience in corporate leadership, enterprise sales, SME sales, telesales, sales operations, and in the indirect channel business.
