Constructed at a cost of R700 million, the development – which consists of the SunSquare Cape Town City Bowl and the StayEasy Cape Town City Bowl – is aimed at expanding Tsogo Sun's offering to provide for both business and leisure travellers of all budgets.

This development represents Tsogo Sun's continued commitment to the city of Cape Town and brings its total number of bedrooms operated in the Cape Town city centre to over 2,000. In addition, the Tsogo Sun Group owns the Westin at the CTICC, Radisson Waterfront and Protea Victoria Junction hotels through its controlling investment in the Hospitality Property Fund.

"We're delighted to have the opportunity to increase our presence in one of the most vibrant cities on the continent. We believe the continued development and rejuvenation of Cape Town's city centre will cater to growing demand for hotel accommodation," says Marcel von Aulock, Tsogo Sun's CEO. "Positioning these two strong Tsogo Sun brands in the Cape Town CBD expands the Group's mid-market offering in one of the fastest growing segments of the hotel industry. These properties, designed with style and functionality, represent the next generation of room design in this category for Tsogo and offer superb accommodation, great location and affordable pricing."
