

# **FACIM 2008: Maputo International Trade Fair**

The Maputo International Trade Fair (FACIM) is respected as the most important international event of its kind in Mozambique and one of the most important in Southern Africa since 1963. The event will take place from 1-7 September 2008 with business people and enterprises from different parts of the world coming together.

Consumers and decision-makers appreciate coming to the event to see the latest news in technology, consumer goods, electronic and computer systems etc.

FACIM offers the best conditions for the presentation and promotion of the enterprises and products and also provides opportunities to find potential customers and suppliers, both local and from abroad. Its role is to be a local, regional and international centre of promotion.

FACIM is an international and multi-sectorial exhibition established by a consortium of institutions and national managers (SOGEX) who were involved in the Maputo International Fair for many years.

The fairs have ample installations, adequate facilities in attending the event and are located down town in the centre of the city, which is easily accessible.

FACIM occupies the area of 72,000m<sup>2</sup> and comprises of 70 exhibition pavilions. The other facilities include a conference room, telephone and fax lines, customer service and customs clearance facilities.

The goal of FACIM is to open the Mozambique market for the international markets, to obtain the highest number of national exhibitors and potential foreign investor.
